

BC FAMILY DOCTORS

Your Specialists in Primary Care.

WE ARE BUILDING AN ENVIRONMENT WHERE FAMILY DOCTORS THRIVE

The world has changed in the last year, and we have changed with it. We're here to advocate for the reforms necessary to help you through the pandemic and to ensure the future stability of family medicine and primary care.

BC Family Doctors was created to advocate for family doctors; we support you so you can best care for your patients. We're at a critical juncture for family medicine. Whether you run a family practice clinic, work as a hospitalist, provide maternity, substance use or palliative care, we need you with us, now more than ever.

WHAT WE DO:

Motivated by a future where all family doctors thrive, our pledge to you is to:

- Advocate for your needs during and coming out of COVID-19
- Recognize family doctors as specialists in primary care
- Represent the needs of family doctors in negotiations
- Modernize the fee schedule and reduce your paperwork burdens
- Optimize your billing with our Billing Alerts, Questions Service and Simplified Guide to Fees

WE CAN'T DO THIS WITHOUT YOU.
