

Essential technology for doctors in BC

As a new-to-practice physician, it can be unclear what organizations or programs are available to help you navigate the diverse technological supports and benefits in BC.

To help guide you through this complicated topic, the following list includes essential tools and resources offered to doctors to help run their practice.

Description	Request access	Contact support
<u>CareConnect</u> BC's secure, view-only Provincial Electronic Health Record (EHR). Gain access to encounters, lab results, diagnostic imaging, clinical documents, and provincial immunization records for patients.	Request access to CareConnect	For questions about CareConnect access or technical support please contact: PHSA Service Desk: 604-675-4299 / 1-888-675-4299 CareConnect support: private.careconnect@phsa.ca
<u>PharmaNet via PRIME enrolment</u> Provincial network linking all BC pharmacies to a central data system administered by the Ministry of Health. Any health professional using PharmaNet to deliver patient care will need a BC Services Card and College License Number to complete the PRIME approval process to get a Global PharmaNet ID (GPID) to access PharmaNet.	PRIME request approval to access PharmaNet PharmaNet is offered FREE of charge through CareConnect but is also available through other vendors such as iClinic, MediNet, and Plexia.	PharmaNet help desk 604-682-7120 1-800-554-0225 Fax: 250-405-3587 PRIME 1-844-397-7463 primesupport@gov.bc.ca

Authentication required: BC Services Card App + OneHealthID (Msoft authenticator)	SA eForms: SATransformation@gov.bc.ca Reactivation of eForms accounts: eformsenrolment@phsa.ca

PHSA's Digital Referrals & Orders (DRO) Program

This provincial program, powered by OceanMD, enables care teams to electronically exchange, track, and manage referrals, medical order requisitions and advice requests in a safe, efficient, and effective way. This program offers an integrated experience with EMRs and CIS systems. When you sign up to participate in eReferrals, your clinic will also receive access to the Ocean Patient Engagement tools to send patient messages, reminders and questionnaires. There is no cost for providers, administrative staff, or patients to use this platform as it is funded through a provincial contract via Ministry of Health.

Please fill out the intake form [here](#) to sign up for access to DRO, powered by OceanMD.

For more information, please reach out to DRO support:
dro.program@phsa.ca

CDX (Clinical Data Exchange)

CDX is the primary electronic report delivery service for Interior Health and Northern Health Authorities, including labs, medical imaging, and health care records. Results delivery is integrated with many EMRs in BC. Consult your EMR vendor when applying for results delivery.

Register for CDX [here](#).
