Cyber attack prevention and remediation

A CFC cyber policy offers protective services working to help prevent attacks from happening in the first place. If an incident does occur, our expert technical team will help get you back online, fast.

Proactive cyber attack prevention

Working to protect you from cyber incidents.

We supplement your existing cyber security programme by assessing your businesses' attack surface to understand what we're protecting. Then work around the clock, seeking to identify threats and risks that could impact your businesses—only alerting you to those threats that matter.

Using a range of advanced cyber security tools:

Threat intelligence

We partner with government and private threat intelligence organizations to receive and **analyze information about cyber threats** targeting your business.

Threat hunting

Our cyber threat analysts **actively search the dark web** and hacker forums for compromised customer credentials and any other malicious activity.

Vulnerability scanning

We actively **scan insureds for known vulnerabilities** and cyber risks that have a high correlation to claims.

Real-time claims data

We use our own proprietary claims data to help **identify attack trends** and potential threats.

Expert incident response and cyber claims

Helping to get you back online, fast.

If we alert you to malicious activity in your system, or you notify us of something, our in-house team are trained to:

Triage

Once notified, **we'll be in touch within 15 mins*** to assess the situation and identify the necessary resources to address the incident.

Contain

Our team of cyber security engineers, forensic specialists and incident responders will **contain and remediate the incident**. If needed, we'll partner with third-party specialists.

Recover

Once contained, our incident response and claims team work closely together to rebuild systems, reconstitute data and **get your business back up and running**.
