***Council on Health Promotion – Mandate**

1. Direct the activities of Doctors of BC concerned with health promotion and illness/injury prevention.
2. Foster development of expertise within the medical profession on topics related to community health and health promotion.
3. Advocate on societal and policy issues affecting public health.
4. Develop community-based contacts for the purpose of promoting community health and health promotion.

If you have any questions regarding the COHP project recommendation process, please contact Helen Thi at hthi@doctorsofbc.ca.
