

MEDICAL-LEGAL MATTERS

These fees cannot be correctly interpreted without reference to Preamble Section c, Clause 2.

Setting of BCMA Fees - General Considerations

The BCMA Fees have been set by the BCMA Tariff Committee in conjunction with Section representatives and in accordance with general policy established by the Board of Directors. Under the arrangement with the MSC, MSP fees have been approved by the MSC.

The recommended values for services when not paid for by the MSP, WorkSafeBC or ICBC are listed under “BCMA Fee”. The charges for these uninsured services, including A-lettered items, are not to be construed as maximum or minimum charges but only as a general guide for services of average complexity, by which the individual physician dealing with the patient can set a proper and responsible value on the individual services provided:

- a. You are in no way obligated, ethically or otherwise, to follow these BCMA Fees and you may charge either a higher or lower fee according to your own judgement.
- b. No special sanction of any kind is employed nor will be employed by the Association to enforce these BCMA Fees, and you are free to exercise your discretion and judgement with respect to any charge made for any service rendered that is not payable by the MSP, WorkSafeBC or ICBC or otherwise specified in the Preamble.
- c. If the patient’s financial circumstances are unusual, and other doctors have been called in attendance, it is the responsibility of the attending physician to acquaint his/her colleagues of such circumstances. Each doctor concerned in the care of the patient shall give or send to the patient or his/her agent a statement showing his/her own professional services.
- d. The fees listed under “MSP and WorkSafeBC Fee” have been accepted by the Medical Services Plan and WorkSafeBC through negotiated agreements as the basis for their Guide to Fees. WorkSafeBC supplies its own reporting and billing forms upon which one is asked to insert the MSP payment number to facilitate payments. MSP is currently processing claims on behalf of WorkSafeBC as an agent. Currently it is not mandatory for physicians to submit WorkSafeBC claims through MSP.

Letter prefix ‘A’ designates services not paid by the Medical Services Plan.

Physicians are often called upon to prepare reports, opinions and to testify in civil, criminal and administrative matters.

- Civil matters are generally compensated privately by whoever requests the physician's services. Examples of civil cases are those involving motor vehicle accidents, medical malpractice, family disputes, and disability or life insurance claims.

MEDICAL-LEGAL MATTERS - Continued

- Criminal prosecution and government administrative matters where evidence is given on behalf of the Crown are compensated by the Attorney General's office, while other government agencies may pay the physician directly.
- The Legal Services Society invariably pays the representative counsel for services provided to qualified persons in civil, criminal and administrative matters, who then pays the physician.

It is important that physicians clarify important issues in writing prior to agreeing to do any medical-legal work, including but not limited to:

- who is responsible for payment;
- the rate;
- payment in the event of short term cancellation;
- payment for waiting time prior to testifying; and
- when payment will be due.

1. **EXAMINATIONS, LETTERS, REPORTS AND OPINIONS**

- a) Reports and opinions fall into two basic divisions:
 - i) Those given by an attending physician or consultant who has already seen the patient in the course of his/her ordinary professional duties.
 - ii) Those given by a non-attending physician or consultant who has examined the patient at the request of a lay person and who would not have seen the patient but for this request.
- b) In settling on fees in these matters, doctors should consider the time actually spent in:
 - i) Examination of the patient.
 - ii) Examination of hospital records, x-rays, etc.
 - iii) Preparation, dictation and revision of report or opinion.
- c) In many cases payments for letters, reports or opinions must be made by the patient himself/herself and not by any third party such as an insurer. If payment is to be received through or from a lawyer, the doctor should obtain a prior undertaking that the lawyer or law firm will be directly responsible for the physician's fee.

2. **EVIDENCE IN COURT/HEARINGS FOR CIVIL, CRIMINAL AND ADMINISTRATIVE MATTERS**

- a) Any expert witness in the Province of BC can be called to testify at an administrative hearing or in court. The witness may receive a subpoena from the requesting party accompanied by a witness fee set by law. Transportation costs may also be reimbursed. Failure of the expert to appear when subpoenaed can result in a contempt charge.

Civil Cases

- b) Civil cases are non-criminal cases, for example cases involving motor vehicle accidents, medical malpractice, family disputes, and disability or life insurance claims.
- c) Generally when parties request a physician to give evidence in a civil case, they will offer to pay an additional fee for time spent preparing to give evidence and for court attendance. If payment is to be received through or from a lawyer, the physician should obtain a prior confirmation that the lawyer or law firm will personally be responsible for the physician's fee. It would be prudent to also arrange a fee at the same time for a potential court appearance in relation to the report or opinion.
- d) Successful parties to a lawsuit are generally entitled to recover from the losing side reasonable costs they incurred in retaining expert witnesses. This is never more than what has actually been paid. The fee may need to be defended before the Court Registrar who will disallow any portion of the expert's fee considered unreasonable in relation to work done or time spent and leave the retaining party to bear the cost of this portion.

Criminal and Government Administrative Cases

- e) Physicians may be asked to testify as an expert for the criminal prosecution in a criminal trial or for a government agency or board in an administrative hearing (for example a Provincial Disability Plan claim). In such cases physicians can make a claim for both court attendance and preparation. Scale "B" below reflects the fees and billing guidelines recommended by the BCMA for these services.
- f) Legal Services pre-approves the retainer and specifics, such as the fees, number of hours being funded etc for physicians who are testifying on behalf of the defence for an accused in a criminal matter which is being funded by LSS. Physicians may wish to refer to Scale "B" as a reference. Physicians should obtain a copy of the LSS approval and have agreement on the specifics with the accused's counsel prior to accepting the case.
- g) Physicians who are testifying on behalf of the defence for an accused in a criminal case which is not being funded by LSS, or for an individual in a government administrative hearing, may choose to charge either the rates at Scale "A" or "B" or whatever rates they can agree to with the accused or his/her counsel.

3. GENERAL

There is a joint committee of doctors and lawyers that reviews periodic problems arising over the responsibility for payment of medical-legal accounts. Please direct any such concerns in writing to the BCMA Physician and External Affairs.
