Pay Direct Drug Card: The primary plan participant covered under the Extended Health Care plan will be issued a Pay Direct Drug Card. Using your drug card is a fast and convenient way to claim for prescription drugs for you and your covered dependents. Participating pharmacies no longer need a plastic card to swipe through their systems; instead, simply show your drug card to your pharmacist, who will input your information and submit your claim electronically. If you require a replacement card, please contact an HBTF Plan Administrator at 1 800 665 2262 ext. 2908 or 604 638 2908 or log into the Canada Life GroupNet for Plan Members website to print a card.

Electronically by Provider: In order for your dental office or paramedical practitioner to submit a claim electronically to Great-West Life, you will need to provide them with your Group/contract number (50242) and your certificate/member ID number. Please refer to your HBTF Statement of Coverage or contact an HBTF Plan Administrator at Doctors of BC.

If your provider is not able to submit claims electronically, attach the original receipts (keeping photocopies for your records) to a Great-West Life claim form and submit to:

Canada Life
Regina Health and Dental Benefit Payment Office
PO Box 4408
Regina, SK, S4P 3W7

Claim forms are available on both Doctors of BC's website and Canada Life's GroupNet for Plan Members website or by contacting an HBTF Plan Administrator at Doctors of BC.
