

PROVINCIAL ATTACHMENT SYSTEM

Setup Steps for Physicians and Nurse Practitioners in PAS

1

Log Into the PAS

Go to <https://bchealthprovider.ca> and use your BC Provider ID credentials.

2

Clinic & Provider Registry

Ensure you are added to all relevant clinics. Don't see your clinic on the home page? Contact your Director to get them to add you.

3

Update Panel Preferences

Update whether or not you are accepting new patients, and the number of requests you are willing to receive.

4

Update Your Profile

Update your gender and add any languages that you speak in your practice.

5

Share Panel Preferences

If applicable, share your panel preferences and panel management with another member of your clinic, like an MOA.
